## **The Vietnam Swans**

Greetings and a warm welcome one and all to the 14th ANZAC friendship match.

This year we're once again here in Saigon at RMIT University, due to the change in ownership and subsequent issues at our spiritual home in Vung Tau. While disappointing not to be at the dogtrack, we hope to put on a great day for all spectators, visitors and players whether from Vietnam or traveling from further afield, which, of course, may only to be rivaled by the post match evening event! Though we're not in our spiritual home we also still look forward to supporting charities and long held relationships in the area with player and visitor support.

Today we remember and thank those that established the foothold of Australian Football in Vietnam back in the late 60's, as is tradition we will open up with the legends game and welcome some visitors from the Gold Coast as well as Dave McMillan and family back to Saigon all taking the field supported by other old hands from Saigon and members of the extended Swannies squad!

The 2024 season marks another busy year for the Swans with Anzac Day and ICC in Siem Reap being highlights of the pre-summer break!

We began the year with a resounding men's team win against a traveling Malaysia Warriors men's team in Saigon and are looking forward to traveling to Siem Reap to defend both men's and women's ICC crowns on May 18th. Post summer break we will welcome long time friends and competitors Singapore Wombats on August 3rd in Saigon before traveling to Pattaya Thailand at the end of the month to once again contest with Asia's best. The Swannies ladies will look to match last year's amazing Champs win and the men will look to make the elusive step up to finals contenders!

We continue to roll out our Vietkick programs in both Hanoi and Saigon, and have reinvigorated the Koto relationship in the nations capital. These programs provide those between the ages of 4 and 16 the opportunity to get a taste of footie and the opportunity for them to learn and develop new skills, meet new friends and fall in love with the game (as so many of us have) from right here in Vietnam.

Today we welcome the Hong Kong dragons, with the Ladies getting us started with a high noon ball up. This will be a tough test for the reigning Ladies champs as Hong Kong look to re-establish themselves as contenders in the Asian footy landscape! Following this we have the men's game as our headliner.

These two teams previously faced off in the 2023 opener in Saigon, since this clash the Dragons have been gaining strength and reloading their playing stock looking to get back to the pinnacle of their pre-covid!

Thanks goes out to all the coaches and organizers on both sides who have assembled the squads for today's fixtures! There's a lot of work that goes on behind the scenes and I would also like to thank all the volunteers who have worked incredibly hard to make today happen.

Finally, a massive thanks to all of our sponsors for the 2024 season without who we would not be able to put on events such as this and keep supporting the wider community here in Vietnam!

Having said that, kick back, relax take in the stories from the stands and have a great day here in Saigon!

HONK HONK!

## **Hong Kong Dragons**

As the Dragons head to Vietnam for the second year in a row, I'd like to take this opportunity to formally thank our hosts, the Vietnam Swans. Last year, our returning HK tourists spoke glowingly about the tour experience both on and off the field (incredible hospitality) – and this goodwill and feedback has resulted in an expanded touring party this year of nearly 40 players, parents, and support staff heading to HCMC. A big thank you to the Swans for being such wonderful hosts and we hope we can reciprocate the hosting duties one year in the future.

To our club members, players & supporters, safe travels and enjoy the weekend. Most notably, to our first-time Dragons representatives & tourists – of which there are many – have a wonderful time abroad. Touring is one of the preeminent activities an expat can do whilst living in Asia and this tour is a perfect entrée for the main AFL Asia Championships in Thailand last year.

To the broader group, we are a club of very few rules however our principles have stood the test of time. We are two teams on tour but we tour & travel as one Club. As we say, many hounds (& houndettes) make light work, so please assist if and where needed. Most importantly look after your teammates on and off the field and be sure to represent the Club with aplomb.

All tours are great, but this holds special importance, with one of our own (William Sandman) now one of Swan's own. And one of Swan's own (Vaughan Swart), now one of our own. With another one of our own soon-to-be one of your own (Brianna Nation) 😞 !! May the two Clubs have a strong ongoing relationship well into the future.

Last but not least a quick plug and thank you to our club partners, to our Major Sponsor (Oreana Financial Services) and our Supporting Sponsors (Odin Mortgage, OFX, Wine Brothers and Bobby's Rabble). You are the lifeblood of our community sporting organization and we couldn't tour without you.

Best of luck to both Clubs on the field this weekend, and I'm looking forward to hearing all about the activities off-field upon the Dragon's safe return to the 852.

## **Vietnam Swans**

As with most clubs, we have had some departures and changes both on field and off field with myself having to step in some very big shoes and coach the men's team in season 2024.

What doesn't change is the belief within the playing group. We've had some key players that have left or will leave halfway through the year but we have gained some capable players that will keep us competitive in division 1 and hopefully we take that next step once Asian Champs rolls through.

Our season last year was quite similar to the one before. We had a strong win-loss record only losing games to Indonesia and PNG who again got the better of us by less than a kick to make the Div 1 Grand Final. We finished the year off on a high by taking out the ICC which we hosted here in Saigon. We were undefeated throughout the tournament and ended up knocking off Cambodia in a hard fought Grand Final.

Today we play host and welcome the Hong Kong Dragons. We're grateful to be sharing the field with you for one of the biggest days on our footy calendar and hoping to all those that come to support that we give you a good contest.

It will be a different squad that they brought over last time when we played them 12 months ago, but we welcome the challenge and we know it's going to be an ultra competitive match and once that siren goes, no doubt there will be some sore bodies. How good's footy!

# ***PLAYER PROFILES***

## **Vietnam Swans – Men's**

**Will “Enter” Sandman:** American, but that’s okay. Has elite foot skills and will come in handy when playing around the goals. Ever the salesman he’ll no doubt be selling a few candies on the field, both on the left side and right side.

**Paul “Paul” Villanova:** Known around the club as ‘Paul’. Paul will be one of the big targets down in the forward line. With his massive reach, Paul is hard to defend when he gets those arms up at its highest point.

**Cameron “Burger” King:** Has a thirst for bags but it depends on what mindset he is in on game day. When he’s on, he’s on and will be looking to rack them up early on the scoreboard if we’re ever a chance of coming away with the win at the end of the day.

**Wayne “Vince” McMahon:** Loves an injury. Finds himself in the same position as last year with a fitness test to determine if he takes the field. An important player for us and will need his pace and footy smarts around our talls in the forward line.

**Spencer “Forest” Whitaker:** Reliable. Can pop him anywhere on the field and will never let you down. Played mostly forward against Malaysia and was rewarded with three goals through his hard work.

**Cam “Ron Weasley” Pirret:** Another one that you can play anywhere and he’ll run all day. Smart footballer that will get in good spots if playing forward and is an accurate kick for goal.

**Jed “The Force is Strong in this One” Woodger:** Unit. The big fella’s first game with the Swannies against Malaysia he really made his presence known providing a target around the ground and in the forward line. Will keep contesting all day.

**Jono “Mmmk” Mackay:** Was a ruckman but maybe too short to play there now. Valuable player to this team and won’t matter where he plays as he will perform like he always has.

**Ryan “Javier Peña” Tishler:** Plodder. Way past his prime that should have given it up years ago.

**Sean “Bagels” Milner:** Consistent footballer with a deadly left foot. Always says he’s not fit but will spend majority of minutes in the midfield. Could also sneak down the forward line and jag a couple.

**Nath “Mild-Mannered” Milner:** Can sometimes be competitive and always respects the umpire’s decisions. Has great closing speed and will provide rebounds from the defensive 50. Can always count on Nato to have a big game.

**Joe “Cuddles” Cuddihy:** Less than 12 months ago he played his first game against Cambodia without ever picking up a Sherrin before and ended up taking out the BOG honours. Has come a long way since then and will be looking to have a big game here.

**James “David” Teague:** Loves a bit of a whinge and a nap off the field and has four cats that occupy most of his time but when he is available to play he gives us speed and drive from the back half. Something that will be needed on a ground like this.

**Vinh “Diesel” Le:** The biggest baby cows in Asia. Vinh Diesel is like family to us here at the Swannies. A selfless player that not only gives us everything on the field but off the field as well.

**Matt “Churchill” Barton:** The Prez. The wall down in the backline that will wear his opponent like a glove all day. Rarely gets beaten in 1-on-1s and will run all day.

**Tim “Mr. Incredible” Pickert:** The main man has returned to the field and has committed himself for the season. Showed encouraging signs in his first full game in years against Malaysia taking strong intercept marks, winning some key 1-on-1s and rebounding from the D50. We’re all excited that he’s back playing.

**Hung “Over” Pham:** One of the new players to the club who showed promising signs in his first game for the club. Is an in and under player and will be very important for us this year around the stoppages. Will get better as the year progresses.

**Pete “Commas are Overrated” Mac:** Goal sneak that loves kicking the first goal of the match. Is an endurance runner so we can count on him to run all day. Crumbing the ball off the talls is what he’ll be doing and hopefully he can kick a few.

**Jakob “Silverfox” Medlin:** Our most improved player from last year. Only really played the game for about a year but he has picked it up so quickly and that’s because of his dedication to learn and improve his game and because of that he has become a solid defender for us.

**Alan “Max” Power:** Great to have Alan back in the line up. One of our most important and consistent players throughout last year. Will provide that outside run and use his speed to cut up the opposition. May kick a goal or two.

**Pat “Tadhg” Kennelly:** First game against Malaysia he told us he was mainly a backman but somehow found his way down forward and bobbed up and kicked two important goals. As a crumbing forward he got to the right spots. A repeat of that would be nice.

**James “BnF” Bairstow:** One of the more experienced Swannies who will be happy to play anywhere on the day, besides the ruck. Might need him to play the majority of the game in the ruck though.

**Billy “Katter” Crang:** A happy go lucky kind of guy, old Billy is. If his body holds up, he’s an absolute warrior on the field. Loves a contest and is a competitive beast.

## Emergencies

**Warner “Davey” McMahon:** His favourite player was the Tiprat and models his game on him. A smart forward who will make the most of his opportunities in front of goal.

**James “Boss Baby” Symons:** Little nuggety fella that will spend a bit time up forward and rotate through the middle to provide that much needed grunt around the ball.

**Brady “Bunch” Miell:** One of the new guys, Brady comes to Vietnam after having experience playing with the North London Lions. He’s a running defender who showed a bit playing his first game with us against Malaysia.

## **Hong Kong Dragons**

Twelve months ago, the Swans hosted the HK Dragons for our first non-champs tour post-COVID, and it was unanimously recognised as one of the greats with fantastic hosts. Twelve months on, we are very grateful to be invited back again, particularly for the Anzac Weekend and to participate in such an important day for the Australian community.

On-field last year was a great contest, and while the game balanced out a bit in the second half (with immense help from some of the Viet fellas pulling on a Dragons jersey), the Swans took the chocolates and were a balanced, well-trained, and commendable team. Most importantly, the game was played with great energy, contest, and respect from both sides - a huge credit to the Swans community for their hospitality.

On the field this year, the Dragons have had a higher cadence of training and are looking forward to the first tour of the year and another great game with the Swans. There will be familiar faces as well as new ones, and it promises to be a great contest on the lush RMIT park. With a few contests already under their belts this year, the boys are pumped for a full game on turf (a rarity in Hong Kong) on a special day.

We are extremely grateful to have been invited to Saigon for the ANZAC game this year and enjoy our friendship with the Vietnam Swans. At the post-game event last year, both teams mingled as one into the evening, evidence of the great relationship and respect between both clubs.

For majority of us as Aussie expats, it is important for all to pause and reflect on these important occasions being away from home and be grateful for those that sacrificed for our livelihood and freedom today. Playing footy on Anzac Day is a steeped tradition over the last 30 years, and is a unique footy day to do your usual footy prep routine for match day, but also find your own way to pause, reflect, and acknowledge.

Lest We Forget, and wishing everyone a fantastic day.

## Hong Kong Dragons – Men's

**Simon Breheny:** New arrival in HK for 2024 comes with a solid tank to run all day on the flanks and wings. Trains with a bumbag, so says a lot about the guy.

**Benjamin 'Dicko' Dixon:** A Club stalwart and coach of the women's team, Dicko brings deep Asia footy experience and is a safe pair of hands across the ground.

**Cameron 'Cam' Flinn:** Recently hit the big 1 8, and first tour...I'll leave it there. And a more than handy wingman ready for a big tour debut.

**Thonhmy 'Cambodian Cannonball' Giang:** Has taken the game up with aplomb the past few years, despite the coach constantly mispronouncing his name.

**Brad Hughes:** Expect 'Genius' to bring his Pendlebury-like poise across the ground, and lead the brigade into the PM.

**Benjamin 'Ben' Inglis:** Also new to the club last couple years, brings a solid contest and bants off the ground.

**Trevor 'Chopper' Inglis:** A veteran of the Dragons and reliable utility over the years, expect Chop to shine through with his Asia footy experience.

**Nicholas ‘Nick’ Killham:** New to footy, you’d think he’d been playing for years - Surname gives a hint to what he’ll bring on game day. Good luck to who’s matched up on him.

**John ‘Laneo’ Lane:** The big fella has had great success across tours over the years, and is chomping at the bit to add to his tally this tour.

**Dianyu ‘Whiskers’ Lin:** Whiskers is a stalwart of China and Hong Kong footy, well known across AFLAsia community, can’t wait to see him breaking packs all day.

**Kaiori ‘Kai’ McGuinniety:** The athletic utility has adapted to AFL seamlessly, and gives us all an opportunity to reminisce about the childhood Nickelodeon show “Hey Arnold”

**Brandon ‘Brando’ Murphy:** Marlon has developed into a highly skilled and crafty forward and doesn’t mind a goal at all - expect a bit Tour debut.

**Simon Murphy:** Murphy Snr has been a huge addition to the Club on-field this year, and leads the way in tackling and pressure for the younger comrades.

**Jordan ‘Colonel’ Sanders:** An apt nickname for the Club Captain on the day for the Diggers. Expect Jordy to be at the coalface all day, then don his Versace loafers in the PM.

**Alex Suter:** Another great team-man, Sutes will present and contest all day long, a selfless teammate and reliable set shot in front of the sticks.

**Sam ‘Sauce’ Agars:** Decorated HK Dragons veteran, the big Sauce is all systems go for this one, and ready to break most body systems once post-game itinerary kicks into action.

**Ollie Burton:** The guy was walking past training 4 weeks ago and asked “What are you guys playing?” - now he’s touring. What a superstar! Go well, lad.

**Vaughan Swart:** The flying V is well known to Dragons and Swans alike, cannot wait to see the big fella bring his gusto and presence across the day.

**Evangelos ‘Ange the Greek God’ Tsibogiannis:** Another club veteran who has recently returned to the 852, expect the silky skills to come into effect from the first bounce.

**Dom Silva:** If we can get ‘Dominator’ out of Bui Vien at a respectable hour Friday night, expect him to bring plenty of contest during the day...and continue to dominate post-game.

## **Vietnam Swans**

After 5 months with no competitive games our ladies return to action! The girls will be looking to kick the year off on a positive note, just as we did 12 months prior against Singapore.

Last year a new-look Lady Swans team took to the field for ANZAC day where over half the team had never played a game of footy before. Now, with many of those players having multiple games under their belt I'm excited to see what they can do against a strong travelling Hong Kong squad.

This year our team will be once again guided by our fearless captain, Katie Quinn, whilst we also welcome some debutants to the team. Playing their first game for the Swannies will be Rebecca Williams, Charlotte Longe, Do Hai Yen, Olivia Maciaszek and Sarah Everard. Congratulations and good luck to these girls!

It goes without saying, our women's team had a very successful year in 2023. But with those achievements now comes the added pressure of expectation. I know our ladies have what it takes to win some more trophies this year, and with some changes to the playing group it'll be on our leadership group and experienced players to guide our team to success in 2024.

Everyone on this team is going to contribute this year and if we can continue our pressure, hard-running and fierce competitiveness I have no doubt that there will be more success on the horizon.

The Lady Swans are **ALL-IN** for season 2024!

## Vietnam Swans – Women's

**Kathleen Quinn ©:** Katie 'Can't believe her real name is actually Kathleen' Quinn will lead the girls out and will do so in her usual aggressive, loud and inspirational manner. Some more forward time should see her bag some goals.

**Amy Banville:** Amy 'Bantz' Banville burst onto the scene at Asian Champs and will once again be a goal threat in our forward line. Rumor has it she still feels robbed that Niamh stole her goal at Champs so watch for her to be keen to get on the goalkickers list on Saturday.

**Aoife Brody:** Aoife 'Ball-Magnet' Brody was our 2023 BnF winner and I have no doubt that we'll see more of the same from her in 2024. Known for helping drive the ball out of the middle while also getting on the scoresheet, I'm excited to see what she brings against Hong Kong.

**Charlotte Longe:** Charlotte 'I just wanna know how to kick it' Longe brings added ruck support our team that will be missing All-Asian ruckman Lucy O'Rourke. I can confirm she knows how to kick it now!

**Courtney McCrea:** Courtney 'See you at Crazy Night later' McCrea has been a regular at training all year which will prove dividends. She'll be part of a strong backline and will not back down from any challenge. In fact she'll even be saying, "I want it that way!"

**Do Hai Yen:** Yen is another debutant in this team coming down from Hanoi. New to the game but her attendance and willingness to learn at training has been exceptional.

**Eimear Grealy:** Eimear 'Please don't put me on the wing' Grealy will play an important role for us... on the wing. With Alana out of the team look to see Eimear continue her great performance there from ICC.

**Evrena Everard:** Ev 'Tough-Nut' Everard is our midfield maestro and always the first one putting her head down to win a difficult ball. I'm looking forward to seeing her link up with her sister for the first time on a footy field!

**Jennifer Murphy:** Jen 'I left High Tide just to be here' Murphy will line-up in her usual position on the wing. She's been incredibly consistent for us there, constantly intercepting the other team's defensive exits.

# THE Republic

**The Republic, in the heart of Tay Ho, Hanoi, situated lakeside, our sports bar and restaurant views provide the perfect backdrop for a delicious meal, whether you're in the mood for a juicy burger or fresh seafood.**

With multiple screens showing all the live sports action, you won't miss a single moment of your favorite game. But the fun doesn't stop there - we also host live music events and other special occasions, making us the perfect destination for any celebration. With a lively and welcoming atmosphere, you're sure to have a great time no matter the occasion.

**Proud sponsors of The Vietnam Swans!**

**Krista Bernard:** Krista 'Please put me on the wing' Bernard will be a key part of a somewhat new-look backline. After the departures of Rhi and Molly last year, Krista's experience and cool-head will be vital for our back 4 (don't worry I promise you'll get some wing time too!)

**Mary Eviston:** Mary 'Unreal' Eviston has been a strong leader for our team for the past 12 months and a great attacking option out of the backline. It'll be the 2nd last time she plays in a Swannies jumper so expect her to be full of energy.

**Niamh Keating:** Niamh 'That's Gasssssss' Keating will have the added responsibility of extra ruck duties this weekend. After her heroics at Asian Champs she'll be running on pure adrenaline and positive vibes all day!

**Nguyen Thi Xuan Thuy:** Lucy 'AFL Asia poster-girl' Nguyen recently went viral on Facebook with the article about her amazing contributions to the Vietnam Swans. However, I don't expect her to play any different, with her wealth of experience being vital to our back 4.

**Nguyễn Ngọc Lan Quỳnh:** Ty 'Time' Nguyen played her first footy games at ICC and showed great promise! Relatively new to the game, Ty has been a very consistent trainer and will show no fear when attacking the football on Saturday.

**Nguyen Thu Phuong:** Phuong is coming down from Hanoi where she has been a long-term member of the Hanoi Celts. She'll add depth to our backline and look to use her speed and agility to her advantage.

**Nguyễn Thị Lan:** Layla 'Ladies Veteran' Nguyen is one of our most experienced players. She constantly contributes to the club on and off the field and is a ferocious tackler which is very important to our forward line.

**Olivia Maciaszek:** Liv 'Most likely to apologise to her opponent after tackling them' Maciaszek is another that is playing their first game for us. She took approximately 30 seconds to learn how to kick a drop-punt and if she continues that quick learning expect to see her amongst our goalkickers!

**Rebecca Williams:** Beck 'Katie dragged me down to AFL' Williams will play her first game for the Swans and comes with a strong rugby background. Whilst she is new to footy, she has shown great instincts and will be a very competitive defender for us.

**Sarah Everard:** Sarah 'WTF Ev I'm meant to be on holiday' Everard is spending a couple of months in Vietnam... so why not join the Swannies! I saw her pick up a footy and instantly know how to kick it last week and I'm sure the talent runs deep in this family.

**Trần Thị Phương:** Phuong 'Can I please call you Fiona so it's not confusing' Tran is another experienced girl from the North. She is versatile and hungry for the ball and constantly makes it difficult for her defender to get the ball out of their backline.

**Tran Tuyet Van:** Do not underestimate Van 'Size of a scooter, fights like a van' Tran! While she may be one of the smaller players on the field she more than makes for it with her effort and positivity.

## **Hong Kong Dragons**

We are thrilled to announce that our Hong Kong Dragons women's team will travel to Vietnam to participate in the ANZAC Friendship Weekend hosted by the Vietnam Swans. It's an honour for us to be part of such a special event and to play against such a fantastic club.

This year, we are proud to send both a men's and women's team, unlike in 2023, when we only had a men's team present during the tour to Vietnam. We owe this feat to our strong AFLW leadership team, which leads from the front, supports in every way possible, and makes our new AFLW members feel welcomed from the get-go.

After the challenging travel restrictions in Hong Kong due to COVID-19, we're grateful to have this opportunity to kick off the season with a trip to Vietnam. This tour allows us to participate in the ANZAC Friendship Weekend, making it even more significant. We look forward to events both on and off the field, where we will remember those service men and women who have served our country in all conflicts, wars, and peacekeeping operations, as well as those who sacrificed their lives in our country's name.

As the name of the weekend suggests, we look forward to strengthening our friendship with the Vietnam Swans AFLW team. Making connections, creating memories, and enjoying playing the great game we all love so much.

We're looking forward to a competitive game against the Vietnam Swans AFLW team, the reigning AFLW Asia Champs Premiers. We know we will have to give it our all to come out on top, but we're excited to show our skills on the field and have a great time!

They shall grow not old, as we that are left grow old:  
Age shall not weary them, nor the years condemn.  
At the going down of the sun and in the morning  
We will remember them.

## Hong Kong Dragons – Women's

**Lucy Macfarlane:** Captain for the Dragons, Works hard up and down the ground with good running and gives great motivation to the team when it's needed.

**Avril “Av” Chow:** Co-Vice captain for the Dragons, has a wealth of experience, the team's Mrs Fixit can play in any position.

**Josie O'Reilly:** Co-Vice captain for the Dragons, player most likely to find at the bottom of a pack winning the ball. Has won multiple BnFs at the Dragons as well as an All-Asiatic.

**Brianna “Bri” Nation:** Our tour manager! Will hopefully be taking a break from the managing and kicking a bag on the day!

**Brenda Chan:** Mid/Fwd player who brings a lot of physicality to the team. Might lose her to the great Vietnamese golf courses, though.

**Celine Tomugdan:** Midfield/winger, physical in and under player, will be at the bottom of the pack with Josie or tackling every one in sight.

**Chen “Yen” XiaoYen:** Newcomer to the sport from Guangzhou, very athletic and energetic, ready to run all day and learn as she plays.

**Jacinta “Jax” Mallis:** In the team to disarm the opposition with her great chat. Not sure where she wants to play but it's never where she is. Skilled kicker and fierce competitor.

**Jemma Guerrero:** Forward line player known for her high pressure in the forward line, will keep the half-backs for Vietnam accountable.

**Lydia “Lyds” Turman:** Will run all day on the wing, great leader, and will be one of the voices heard most of the day.

**Mei Mei “The Woolly Mammoth”:** One of the big improvers this year, super physical player who has a knack for finding the goals. High energy player who will at first scare the opposition. In competition for chat with Jacinta.

**Perla Pastor:** Tackling machine! Most likely in defence, with the occasional stints in the midfield.

**Ruvy Mandate:** Forward pocket another who has a knack for the goals and doesn't stop running. Most likely doing push-ups in between goals to keep her fitness up.

**Sienna Woodyard:** Youngest in the team, has been a great addition down back, physical, and smart player.

## **Coach & First Aid**

**Tom ‘Crumpy’ Crump:** Coach Crump is on comeback trail from an off-season injury and will have plenty of tactics up his sleeve, just next to his sleeve tatt "hmu for Codeine.

**Sandie “Mother of Dragons” Gillespie:** Sadly, won't be playing due to an injury, but still one of the most important to the team for everything she does off the field, from first aid to cutting up oranges.
